

PRESS RELEASE

Gestrim Group strengthens its position in real estate management

DIM Deutsche Immobilien Management incorporates former Catella branches

In February 2008 Gestrim Group took over the property management firm Catella Property Management GmbH. Former Catella branches in Berlin, Düsseldorf, Hamburg, Mainz und Munster have been incorporated in DIM Deutsche Immobilien Management GmbH. This specialised firm is in charge of the property management and the management of large residential portfolios.

With this strategic move Gestrim strengthens its position in the field of property management. Currently 230 employees administrate approximately 50,000 residential units as well as 700,000 m² of commercial areas. Furthermore Gestrim Group manages about 200 closed-end real estate funds and takes care of 14,000 investors.
